

OIL OF AFRICA

Company Profile

Oil of Africa is a wholly owned subsidiary company of Sakhumnotho Group Holdings; a world class pan African holdings company. We are a licensed, BBBEE wholesale petroleum company that supplies quality petrochemical products such as petrol, diesel, paraffin, LPG, HFO and lubricants.

ABOUT OIL OF AFRICA

Oil of Africa is a wholly owned subsidiary company of Sakhumnotho Group Holdings; a world class pan African holdings company. We are a licensed, BBBEE wholesale petroleum company that supplies quality petrochemical products such as petrol, diesel, paraffin, LPG, HFO and lubricants.

We also aim to explore oil trading opportunities by leveraging our relationships with Oil and Gas Majors to participate effectively in the crude oil supply chain.

We boast a competent and experienced management team and are committed to the economic transformation, bringing suitable job creation and empowerment of our staff and communities to move forward to success.

OUR VISION

To become the most competitive wholesale, crude oil, and petroleum trading company in the Africa-to-Africa oil trade niche market as well as in meeting the demand for petroleum, diesel, and lubricants market.

OUR MISSION

To participate and increase market share in the sector.

OUR OBJECTIVES

- Create and derive value for our Shareholders through growth and efficiency.
- Leverage our vast relationships in the sector through our parent company.
- Provide high quality services and products to our clientele.
- Create a conducive environment for our personnel.

OUR VALUES

01 Excellence

We demonstrate excellence by delivering high-quality work, on time and in line with our clients' expectations.

02 Integrity

It is incumbent on all our directors, management, staff, clients, and all suppliers to demonstrate high moral values and ethics.

03 Collaboration & Partnerships

We believe in formulating meaningful and impactful partnerships with like-minded entities and individuals.

04 Innovation

We turn ideas into business solutions, providing cost-effective solutions, products & services.

05 Professionalism
For us, professionalism is about communicating effectively and with impact.

06 Strong Work-ethic
Our team is dependable, show dedication and loyalty to the Company.

07 Stewardship
We plan and manage resources with responsibly to transform communities.

OUR SERVICES

We supply and deliver high quality petroleum products at competitive prices throughout South Africa and the continent. We have a growing portfolio of diversified product offerings, services, and solutions that are essential both to industry and end consumers.

Our services include.

- Bulk Fuel Supply
- Fuel and Transport Logistics
- Fuel Storage and Equipment
- Lubricants and Oils

Our competitive strengths give us a unique market position:

- Proven reputation in the Pan African marketplace through the expertise of the parent company, Sakhumnotho Group Holdings.
- Experienced and knowledgeable management team.
- Well-established relationships with State-owned Licensed Import Agents and ultimate oil users.
- Extensive oil products procurement network around the continent.
- Extensive strategic partnerships across the region.
- Transport and Logistics experience.
- Strong relationship with oil majors and refineries in South Africa and the continent.

OUR SUPPLIERS

We source and trade from certified South African Fuel Refineries.

OUR PRODUCTS

- Diesel
- Petrol
- Jet Fuel
- Paraffin
